This unique serum calms, soothes and improves the appearance of sensitive and sensitized skin prone to redness.

Key ingredients:

Aldavine – is an advanced blend of brown and red algae that calms and soothes skin.

Capparenols – are found in caper buds and calm and soothe the skin.

Bisabolol – is one of the principal active compounds found in chamomile. It calms and soothes the skin.

Directions for use: after cleansing and toning, apply one to two pumps of Anti-Redness Serum over entire face, focusing on areas of persistent redness. Follow with the appropriate PCA SKIN® broad spectrum SPF product in the daytime and moisturizer in the evening.
