

Ultra Peel® I

Specially formulated to treat maturing skin, **Ultra Peel® I** is also appropriate for many other skin types, conditions and sensitivities. It will help improve the appearance of fine lines and wrinkles, while promoting an even skin tone and clear complexion.

before

Condition: facial wrinkling, laxity and dehydration.\*

after

Solution: received Ultra Peel® I and Esthetique Peel treatments, and applied Rejuvenating Serum and ExLinea® Peptide Smoothing Serum, C-Strength 15% with 5% Vitamin E, Après Peel® Hydrating Balm and Hydrator Plus SPF 25, twice daily over a three-month period.\*

\*Photos not retouched.

**Key ingredients:**

**Lactic Acid (20%)** – is an alpha hydroxy acid (AHA) naturally found in milk and sugars. It is part of the skin's natural moisturizing factor (NMF) and moisturizes the skin.

**Trichloroacetic Acid (TCA) (10%)** – is most commonly used as a superficial and medium-depth peeling agent to improve the appearance of fine lines and wrinkles.

**Kojic Acid** – helps promote an even skin tone.

**Azelaic Acid** – helps promote a clear complexion and even skin tone.

**L-Ascorbic Acid (Vitamin C)** – is an antioxidant and MMPi that is the only bio-available form of vitamin C for the skin. It minimizes the appearance of fine lines and wrinkles while promoting an even skin tone.
