

Acne Cream

Clear blemishes with this 5% benzoyl peroxide spot treatment including gluconolactone to prevent dryness and irritation. Essential for those with acne.

Key Benefits

- ✓ Fast-acting benzoyl peroxide spot treatment to quickly clear acne blemishes
- ✓ The polyhydroxy acid gluconolactone supports breakout control and soothes skin
- ✓ A host of soothing botanicals to reduce potential irritation

Active Ingredient

- + **Benzoyl Peroxide (BPO) 5%** – penetrates pores to eliminate existing acne lesions and prevent future breakouts.

Key Ingredients

- + **Gluconolactone** – a gentle antioxidant polyhydroxy acid (PHA) that is calming, moisturizing and promotes a clear complexion.
- + **Lactic Acid** – an alpha hydroxy acid (AHA) naturally found in milk and sugars. It is part of the skin's natural moisturizing factor (NMF) and moisturizes the skin.
- + **Grape Seed Extract** – a good source of the essential fatty acid (EFA) linoleic acid.
- + **Tea Tree Leaf Oil** – promotes a clear complexion.

Before

After three months

Condition: Acne with post-inflammatory hyperpigmentation.* **Solution:** Received a series of PCA Peel® with Hydroquinone treatments and used BPO 5% Cleanser, Purifying Mask, Acne Cream, Intensive Clarity Treatment®: 0.5% pure retinol night, Weightless Protection Broad Spectrum SPF 45, Clearskin. *Photos not retouched.

Active Ingredient

Benzoyl Peroxide (5%)
