

Sheer Tint Eye Triple Complex Broad Spectrum SPF 30

Protect against harmful UVA/UVB rays with this long-wearing, anti-aging under-eye SPF. Formulated to minimize the appearance of fine lines, wrinkles, dark circles, and puffiness, this tinted broad spectrum SPF can be used alone or under makeup to neutralize imperfections.

Key Benefits

- ✓ Sheer, universal tint neutralizes imperfections around the under-eye area
- ✓ Powerful peptides leave the eye area smooth and bright
- ✓ Physical broad spectrum protection with antioxidants further protect under-eye skin

Active Ingredient

- + **Zinc Oxide (15%)** – provides broad spectrum UV protection by reflecting, scattering, and absorbing UV rays.

Key Ingredients

- + **N-Prolyl Palmitoyl Tripeptide-56 Acetate** – a next generation peptide that strengthens the extracellular matrix to minimize the appearance of age-related fine lines and wrinkling.
- + **Acetyl Tetrapeptide-5** – a peptide with anti-edema effects that increases skin elasticity and skin moisturization while improving the appearance of dark circles around the eyes.
- + **Albizia Julibrissin Bark Extract** – a plant extract that reduces upper eyelid sagging, strengthens the dermis, and reduces crow's feet wrinkles while addressing dark circles and puffiness.
